

LUPUS 2025 in Pictures

The 16th International Congress on Systemic Lupus Erythematosus (LUPUS 2025) was another successful conference, bringing together experts from around the world under the theme *“Gateway to the Future”*. Centered on innovation and collaboration, the congress explored the latest discoveries in systemic lupus erythematosus (SLE) research and emphasized the importance of personalized approaches in diagnosis, prognosis, and treatment.

We would like to thank everyone who joined us in Toronto and contributed to making this event a meaningful and inspiring gathering of the ever-growing international lupus community. Here are some of the standout moments from LUPUS 2025 captured on camera:
