

UCB and Biogen

Over 20 years of collaboration to improve the quality of life for patients with SLE

Working in partnership, UCB and Biogen share a passion to support the SLE community to address real-world challenges and improve patient care **Join us for UCB-Biogen's lunch industry symposium on Friday, May 23, 2025 | 12:25–13:25 ET** (Queens Quay, Westin Harbour Castle, Toronto)

Hear from our esteemed speakers, Dr. Cynthia Aranow, Dr. George Tsokos and Dr. Andrea Fava, as they explore: The unanswered questions of SLE and the unmet needs of patients How the dynamic interplay between multiple immune cells contribute to SLE...and what it means for patients The critical need for precise and early markers of SLE disease activity, and the opportunities and challenges of current and potential future targeted treatments **Come see us at Biogen's booth #8**

Don't forget to drop by our booth #8 and meet our team – we look forward to connecting with you!
